Safety Features

Safety pins are standard for all doors and side rails. Each pin is attached to the rail by a cable to prevent losing the safety pins

Door Safety pins give the door extra strength and allows the door to remain rigid at all times.

Safety Restraint Tie Downs are standard on all Platforms. This gives you a safe place to connect your safety harness.

End Fork Slots make it easy to transport your Platform. To be used for loading and unloading only.

Pins over your Fork Tines Each pin is chained to the Platform. Fits tines up to 2 1/2" x 7 1/2". Spacing is 30" apart

Collapsible
for easy transportation
